DS EXCHANGE PROGRAM

CSM ROBERTS

9 March 2004

DS Exchange Program

- **Issue:** Implementation of the Drill Sergeant Exchange Program
 - **Discussion:**
 - CSM's don't feel this program is advantageous to the parent unit
 - DS won't be able to contribute without knowing "how business is done"
 - TDY costs shouldn't be incurred by the unit when this is a directive not an initiative
 - Initial Ideas:
 - Recognition of each others efforts during movement to Warrior Ethos
 - Provide personal and professional growth
 - Role of Drill Sergeants as trainers in BCT/AIT environments
 - Trust and confidence placed in each other/dispell the myths
 - **Recommendation:**
 - Allow the program to provide feedback; two iterations with all 5 ATC's exchanging with the biggest AIT'S
 - AAR's will be imperative to decide if program is positive
